

# *Your Support Provides* **Medical Treatment**

Many of the dogs and cats rescued by Red Lake Rosie's require medical care for serious illness and injuries.

- Heartworm, anaplasmosis and Lyme disease
- Broken limbs, wounds, and porcupine quill removal
- Parvo, mange, fleas, ticks, ear mites, intestinal parasites and worms

In the past 19 years, RLRR has spayed or neutered more than 9,000 animals, preventing tens of thousands of unwanted puppies and kittens.

Let us send them  
without wings so  
that none suspect  
that they are angels.

Your donations support the

# Red Lake Animal Wellness Center

Successfully finished and debt-free, the center holds animal care clinics, provides access to low- and no-cost spay/neuter services, and houses an animal food shelf for families in need and community-owned and homeless animals.
