

## Before... and Happy Ever After.

When Diamond was rescued, he required no fewer than 10 medical interventions, plus nutritional rehabilitation. Thanks to all our faithful donors, a medical fund was provided.

Post-treatment, Diamond spent years of a healthy life as a resident dog at the RLRR shelter.

All our animals are **precious gems**. You can give animals like Diamond **hope** this holiday season.

23880 South Good Road  
Trail, MN 56684

Thanks to you,  
Our Care  
**Shines**

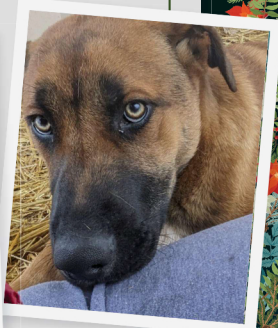

## Every dollar you send

is used for the care and treatment of companion animals living on the Red Lake Reservation

**Kaylee:** Lifesaving treatment for severe mange

**Tony:** Treated for broken ribs

Life saving neonatal care for 4 orphaned puppies

**Barbie:** Quill removal

**Bess:** Treated for embedded collar

Medical care and spay/neuter surgery for 11 cats

Many of the dogs and cats rescued by Red Lake Rosie's require medical care for serious illness and injuries.

- Heartworm, anaplasmosis and Lyme disease
- Broken limbs, wounds, and porcupine quill removal
- Parvo, mange, fleas, ticks, ear mites, intestinal parasites and worms

In the past 18 years, RLRR has spayed or neutered 8,461 animals, preventing thousands of unwanted puppies and kittens.

**"Whoever saves a life, saves the world entire."**
